SCOPE RINGS

Ruger® scope rings are packaged individually, allowing you to purchase only the ring needed, or mix and match, without the added expense of purchasing two rings at a time. For example, the Ruger M77® Hawkeye® rifles are shipped from the factory with a #4 front ring and a #5 rear ring, which translates to a medium height scope mount. If you desire a high scope mount, you only need to mount the #5 ring on the front scope mount, and purchase one new #6 ring to mount on the rear scope mount.

All rings are for 1" tube diameter EXCEPT those marked 30mm which are for 30mm diameter scopes.

Scope ring heights will be identified by a number manufactured into the lower half of the ring. Below is a ring chart showing the part number and Catalog Number for each scope ring. When ordering scope rings, please use the 5-digit Catalog No. (90XXX). If you have questions about which rings fit your pistol or PC carbine rifle, please contact the Arizona Customer Service Department at **928-541-8892**. Questions about rifle or revolver scope rings should be directed to the New Hampshire Customer Service Department at **603-865-2442**.

THE RUGER® BX-25®

GENUINE RUGER® FACTORY MAGAZINE

We've Taken a **NEW ANGLE** on the 25-Round 10/22® Magazine.

The Ruger® BX-25® magazine offers all of the rimfire autoloading reliability of the original Ruger rotary magazine, the gold standard in rimfire autoloading magazines. The BX-25 is designed to present cartridges into the action at a 30 degree angle, the same way the 10/22 action is designed to accept them, increasing feed reliability. BX-25 magazines will work with any factory original .22 LR Ruger® 77/22® Rifle, 10/22® Rifle, SR-22® Rifle and 22 Charger™ Pistol.

Stainless steel feed lips are designed to present cartridges into the action at a 30 degree angle for better feed reliability

Stainless steel, constant-force spring provides feed consistency round after round

Anti-tilt follower is injection molded from a high lubricity polyacetal for consistent reliability

Easily disassembled for cleaning by removing two stainless steel screws
